

Subaru Engine Flushing Service

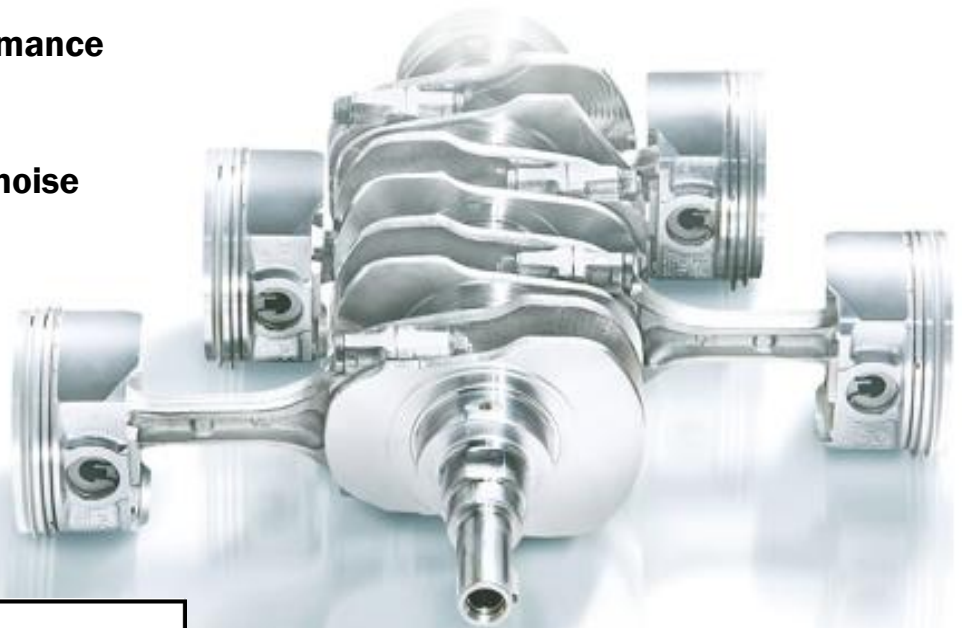

原廠清洗引擎服務

Overtime, sludge and deposits can build-up in the engine. Subaru engine flushing service is designed for flushing the internal surfaces of engine and oil passage to remove carbon, grime, metallic particles, sludge and other contaminants.

當引擎運作時，沉澱物及污垢便會積聚於引擎內部及管道，原廠清洗引擎服務專為沖洗引擎內部及管道而設，有效去除炭粒子、污垢、金屬微粒及沉澱物。
